

INTEGRATED

A Meishi Portfolio gives your clients all the info they need to make contact with you in any manner they choose.

SHOWCASE

Showcase your business by guiding users to the key elements on your website.

RESPONSIVE DESIGN

Clients can fill in forms directly through your digital business card.

SHAREABILITY

Your Meishi Portfolio is shareable on any social media or messaging platform. This alone increases your online presence significantly.

ANALYTICS

Real-time usage tracking provides insightful analytics to identify opportunities or weaknesses within your business model.

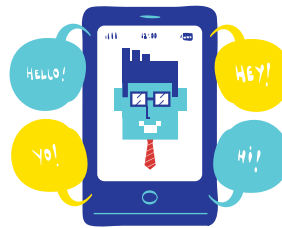

GO GREEN

Conventional business cards are killing trees. Because we offer a 100% digital product, your business will greatly reduce its carbon footprint.

360 VIRTUAL TOURS

The use of virtual tours is increasing as businesses find it is one of the most effective ways to interact with customers and clients online.

CHATBOT

A chatbot is an artificial (AI) software that can simulate a conversation (or a chat) with a user in a natural language through messaging applications, websites.
