Guiding you through
the Digital World

Safe Access Solutions

We assist you with Touchless Solutions to ensure the safety of your staff and visitors ranging from Thermal Cameras, Access Control and Touchless Forms.

THERMAL IMAGING CAMERAS

THERMAL CAMERAS

We provide a range of Camera Solutions to suit your needs and budget requirements. Ranging from handheld Thermal Scanners to state-of-the-art permanent bullet Cameras. Accurate temperature measurements and rapid body temperature screenings .

ACCESS CONTROL

Monitor your staff and guests as they enter your business by capturing their body temperatures. Facial recognition Algorithms is a software system that integrates human identification for cross referencing of facial data to back end data systems.

Prevent and Control epidemic situations by tracking and analysing the data provided with our systems that allow you to pull statistics of participants in real time.

These can be wall mounted or placed on a vertical stand.

TOUCHLESS FORMS

We take your safety seriously by ensuring preventative measures are as efficient as possible with our Touchless Workflow Forms. Never use a pen again and notify the relevant people in real time or by a weekly report, whatever suits you best.

Let your trusted consultant understand your pain points and provide you with value to ensure you and your staff are transitioning into the New World of Work with Ease.
